

## REMARKS

By this paper, certain amendments have been made to the specification, claims and drawings for clarification or to correct errors. It is believed that no new matter has been added.

Specifically, the specification and claim amendments were made to correct typographical errors or provide further clarification of the embodiments of the invention as illustrated in the drawings. The following changes are proposed to the drawings:

FIG. 2: Add reference numerals "31" and "41".

FIG. 2H: Add reference numeral "41".

FIG. 3C: Change reference numeral "132" to "133", change reference numeral "133" to "134" and add new reference numeral "132".

FIG. 3D: Change reference numeral "132" to "133", change reference numeral "133" to "134" and add new reference numeral "132".

FIG. 3E: Add reference numeral "132".

FIG. 8A: Alter endpoints to indicate longitudinal offset of connector eyelets designated by reference numeral "241" and end portions designated by reference numeral "56".

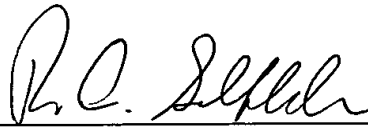

FIG. 9: Indicate shorter contra-lateral limb support portion designated by reference numeral "134" and suture tether designated by reference numeral "63".

FIG. 11A: Add reference numeral "71".

All changes proposed to the drawings are supported by the specification, drawings or claims as originally submitted.

Respectfully submitted,

FULWIDER PATTON LEE & UTECHT, LLP
